Colour Selection

Caesarstone® is made from natural quartz and therefore some variation in colours and aggregate may occur.

The colours in this brochure are to the highest standards in printing, however, should only be used as an indication of actual product design. We always recommend making a final colour selection by viewing displays of larger panels in your nearest Caesarstone® Experience Centre or retail showrooms to appreciate the movement of the design over a large surface.

The Pebbles Collection

Introducing the enchanting Pebbles Collection, crafted to meet the demands of our changing times. Its serene designs, and earthy colour palettes evoke a sense of tranquility and harmony in our living spaces, akin to the gentle pebbles found in nature.

The Pebbles Collection offers a subtle and humble designs, trendy honed finish, and warm, white to grey monochrome colour palette are the embodiment of modernity and sophistication.

Like pebbles in nature, this collection exudes a calming energy that seamlessly merges with other natural design elements, creating an ambiance of pure bliss in any living space, making it the perfect choice for any home.

Visit www.caesarstone.sg/the-pebbles-collection to find out more.

1001 Riverlet™

A gentle off-white touched by warm amber capillaries that flow softly across the surface, with a Honed finish for a tinge of freshness that reflects more light.

1002 Wyndigo™

Warm earthy gradients wash over a soft greige surface veined with foamy greys, capturing a pebble's two-toned mottled patina that is accentuated by a Honed finish for an authentic presence.

1003 Raindream™

Two layers of slate greys are accentuated by soft dark grey strokes contoured in neutral highlights, with a Polished finish that makes the surface look like a wet river stone.

1004 Stoneburst™

Two shades of sage grey with soft mineral undertones and subtle grey veining, in a Honed finish that complements this calm complexion.

Nature-inspired Designs

5820 Darcrest™

A mysteriously dark earthy base, enriched by tiny spots and sediments with a veil of organic ochers and brownish greens like erosion on a rocky hillside, enhanced by a Honed finish.

Our Finishes

Caesarstone offers a variety of four finishes, dressing the surface in a way that brings out the best in the design while ensuring it remains long-lasting without the need for sealants or wax.

Polished

With its glossy smoothness, Polished finish emphasizes the surface features with its stunning luster. It attracts light and reflects it with elegance, illuminating the space around it with a natural brilliance that makes it seem larger and luxurious.

Natural

A slightly textured satin sheen, Natural finish conjures up the emotional caress of stone, warm, grainy, and uniquely sensorial. It gently reflects light, enhancing the depth of colour and pattern, especially on darker shades.

Honed

Smooth to the touch and soft on the eye, Honed finish offers a special organic luminosity. Its satin sheen reflects light, while retaining a special shine that penetrates the surface to highlight deeper dimensions.

Rough

A rich, complex and technologically advanced finish that reflects the authentic patinas of industrial materials. The Rough finish offers a distinctively coarse surface yet remains smooth enough for effective cleaning.
