

Surfaces for you.
For a *Lifetime*.

 caesarstone®
Mineral™

Our *mineral* surfaces.

Advanced Evolution.
Crystalline Silica Free.

Since 1987, Caesarstone has combined design creativity and expertise in crafting beautiful, high-quality, durable and unique surfaces that empower you to create spaces that reflect your style and individuality.

Caesarstone Mineral™ surfaces are the ideal surface solution for kitchen benchtops, splashbacks and applications in bathrooms, laundries, furniture and commercial interiors.

Same designs, new material blend.

Developed by our pioneering expertise and advanced technology, creating a crystalline silica free material that delivers high resistance, durability, aesthetics, and exceptional design versatility.

The Caesarstone Mineral™ design collection will only be available in the new crystalline silica free blend from July 1st 2024.

Caesarstone is well advanced in transitioning from the previous low silica formula to the new crystalline silica free material blend, with many of our most loved colours and designs already available; with the full collection concluding later in 2024.

Visit our website for availability within your state.

Make your home
feel like you.

5140 Dreamy Carrara™

Beautiful kitchens. *High performance* benchtops.

Caesarstone's premium Mineral surfaces feature superior stain, scratch and heat resistance.

Perfect for kitchen benchtops, splashbacks and large islands, Caesarstone Mineral™ is at the forefront of technical innovation and contemporary surface design.

5310 Brillianza™

5113 Solenna™

On the warmer side of the palette, the bone white base of Solenna™ features prominent veining in raw umber, amber and putty grey. The sweep of veins is random and varying in intensity, bringing added depth to this design.

5140 Dreamy Carrara™

Inspired by the classic pure white of Carrara marble, Dreamy Carrara™ features a silky white, light-reflective base overlaid with a subtle, irregular tracery of fine veins in earthy greys. Occasional, slightly darker veins, varying in intensity, bring dynamic movement to the overall slab.

Innovative *pioneering* designs.

Caesarstone's extensive on-trend collection of marble, stone, industrial inspired and mono-tone designs and colours provide a palette, where you are sure to find a design which is just like you.

5310 Brillianza™

Featuring a luminous, quartzite translucency, Brillianza™ is a complex pastiche of frosty white veins and powder-peach mineral accents atop a lustrous cool grey base. Its natural lustre creates a visual intrigue that changes throughout the day, depending on the light.

Create
extraordinary
moments.

Luxurious *bathrooms*

Caesarstone Mineral™ surfaces bring a timeless elegance to the bathing space.

Their superior non-porous durability and easy to care for characteristics bring a truly beautiful, high-functioning surface for the bathroom environment that is exceptionally resistant to stains, scratches and heat.

Caesarstone Mineral™ carries a lifetime warranty.

Surface Finishes:

- P Polished
- C Concrete
- N Natural
- R Rough
- H Honed

Price Ranges:

Starting from M0 through to premium M5 designs

Caesarstone Mineral™ surfaces are made from natural minerals, and therefore some variation in colour may occur. The colours in this brochure are printed to the highest standard, however, should only be used as an indication, not an exact match of the actual product colour. We always recommend making final selection where possible by viewing a large format sample at Caesarstone showrooms.

Long-Lasting Finishes

To bring out the best in your design, we offer a variety of finishes which protect and guarantee their long-lasting durability and beauty without the need for sealants or wax.

P Polished **H** Honed **N** Natural **C** Concrete **R** Rough

Slab Specifications

Slab thickness: 20mm

Slab area: Grande: 5.3m²

Slab size: 3,240 x 1,640mm (+/-10mm)

Weight: 236-261KG (45-47KG/m²)

Mineral Surface Advantages
